

# Oxford Indymedia

**Don't hate the media.  
Be the media**

Oxford Indymedia is the grassroots alternative to the mainstream media. Unlike most news outlets, we don't have any hidden agendas, corporate sponsors, or owners that we have to appease.

Find out what is really happening in and around Oxford from the people that are making it happen.

Publish your own news in your own words and with your own pictures.

Promote your events on the calendar to get more people involved in grassroots activities.

Get more involved with the Oxford Indymedia Collective by coming to our meetings on the first Wednesday of every month at 7.00 pm in OARC, East Oxford Community Centre. Get in touch with us via the website to find out more.

The Oxford Indymedia Collective is part of the UK Indymedia Collective.
